

# WORKSHOP FOR REGIONAL OBSERVATORIES AND STUDY VISITS

Turin, Italy, 17-18 September 2019

## WANT TO LEARN MORE ON REGIONAL OBSERVATORIES?

### Join us in Turin!

We have prepared a dedicated workshop for the representatives of Regional Observatories, which aims to develop a strategy for the industry network.

## LOOKING FOR BEST EXAMPLES? GOOD PRACTICES?

This time the study visits will focus on the following topics: life-science, food and agriculture.

### STUDY VISIT 1, 17.09.2019

#### Visit to Environment Park and the Energy Center of the Polytechnic of Turin

Supporting the growth of innovation, collaborating with the businesses that focus on environmental sustainability as a development key for new business opportunities, developing new entrepreneurial activities in the energy sector - that's what we're gonna talk about!

### STUDY VISIT 2, 18.09.2019

#### Visit to the University of Gastronomic Sciences (Slow Food)

We will hear about how to create an international research and education center for those working on renewing farming methods, protecting biodiversity, and building an organic relationship between gastronomy and agricultural science.

## LET'S MEET AND TALK OVER COFFEE!

### We've got so much to discuss!

Did you know that Turin was the first capital city of Italy and Lavazza coffee was also born there? Discover the city and at the same time learn about the potential of international cooperation within the network of Regional Observatories!
